

# Sample Logic Model

## ABC Youth Employment Project

**Problem Statement:** ABC Neighborhood in north Flint has had a 10 percent increase in blighted homes from last year and a five percent increase in violent crimes. Additionally, in the past three years, the unemployment rate in the neighborhood has gone up and three percent less youth are graduating from high school.

**Goal:** Increase the number of neighborhood youth who get passing grades and have employment skills while reducing the number of blighted areas in ABC Neighborhood.
